BUSINESS COOPERATION

04

合作模式

cooperation mode

Export Agency Cooperation Model

Acting as an export agent, domestic dealers handle exporting China-made vehicles to target countries, signing agency agreements with foreign dealers or distributors.

Wholesale Model

we act as wholesaler, selling vehicles in bulk to foreign car dealers or retailers. This model is similar to traditional wholesale trade.

Exclusive Agency Cooperation

we can choose to collaborate with a specific foreign dealer or distributor through an exclusive agency agreement. The foreign partner will be responsible for marketing and sales in a particular region.

Cooperation with Local Distributors

Choose local distributors to whom vehicles are sold in bulk. These distributors handle local marketing, sales, and after-sales services.
